

## Pre-fabricated Piping Spools

SL.	Type of Piping	Material Grades	Min Ø	Max Ø	Type	Range
1	Boiler integrated Piping	<b>Alloy Steel</b>	½"	64"	Seamless	1/2" - 24"
		ASTM A335 P91			Welded	24" and above
2	Turbine Integral Piping	ASTM A335 P22				
		ASTM A335 P11				
3	HRSB Integrated Piping					
4	Risers & Down comers piping for boilers					
		<b>Stainless Steel</b>	½"	64"	Seamless	1/2" - 24"
5	Balance of Plant Piping	ASTM A312 TP304/304L			Welded	24" and above
		ASTM A312 TP316/316L				
6	Cooling water & Lubrication piping	ASTM A312 TP321/321H				
7	Stainless Steel piping for desalination & Process Plants					
		<b>Carbon Steel</b>	½"	64"	Seamless	1/2" - 24"
8	Oil & Gas Process Piping	ASTM A106 Gr B/C			Welded	24" and above
		ASTM A53 Gr B/C				
9	Process Skids	API 5L GR.B//X52/X70				

\* We do not have any limitation of sizes & thickness in supply of Prefabricated Piping Spools
